EDUCATION

BTECH	Jul '19 - Jun '23
VIT CHENNAI (CGPA 7.14)	Chennai
COLLEGE	Jun '17 - May '19
SRI CHAITANYA COLLEGE(CGPA 9.3)	Visakhapatnam
SCHOOL	Jun '16 - May '17
TIMPANY SENIOR SECONDARY SCHOOL(CGPA 10)	Visakhapatnam

PROJECTS

LYFT-**In this project I have built a basic carpooling website in which I have used Dijikstra's Algorithm to find the closest path of two or three sources and find the nearest distance between themselves and the destination.I have used Data Structures, HTML,CSS for this project.**

CAPTCHA DETECTION USING MACHINE LEARNING- **I have used deep learning methods(CNN) in this project which detects the captcha given and converts them into plain text. This project can be used in Cybersecurity purposes.**

Building custom map markers using Google API: **Using my full stack capabalities I have built a google maps api which is predominantly built on Javascript.**
